

# \$IMBA P

After the healing journey we went on with \$imba P through the Make It Out EP, we are now geared up for the journey of perspectives and parallels within As Above, So Below Volume 1. This three track single pack is a definitive representation of the experiences that \$imba P has endured throughout the year 2020 and beyond. What lessons he has learned, perspectives that he has gained and the distorted realities in which he finds truth.

# AS

**"AS ABOVE, SO BELOW" OUT NOW!**

The Champaign grown artist discovered his love for music through writing poetry in grade school and now uses these same skills in his music today as a solo lyricist and as a member of a greater collective called TheGr8Thinkaz where he has been able to connect his story to his listeners effortlessly, giving them the rawest version of himself.
